## Note(s):

Numbers are rounded to the nearest 50. Standard errors are rounded up to the nearest 25. A postdoc is a temporary position awarded in academe, industry, nonprofit organizations, or government primarily for gaining additional education and training in research. Postdoc status is reported for the principal job as of the survey reference date (1 February 2019). Years since doctorate were calculated as academic years since doctorate attainment. Residence location is based on reported living location on 1 February 2019.
